

PROGRAM QUIZ

Program Dates/Times:

Thursday, May 8, 7:30pm

Sunday, May 11, 10am

1. Under the *Healthy Kids* program, your child can be covered whether he or she is facing an emergency situation, an illness or just needs a regular checkup.
 - A) True
 - B) False

2. According to the American Academy of Pediatrics, before the polio vaccine was available in the 1950's, 13,000 to 20,000 cases were reported each year in the United States. By the year 2000, how many cases were reported?
 - A) 500 cases were reported
 - B) 300 cases were reported
 - C) 250 cases were reported
 - D) None were reported

3. Central California's ASPCA teaches children that *All Dogs Can Bite*. Which of the following is a rule if a child approached by a strange dog?
 - A) Don't run
 - B) Protect your fingers
 - C) Don't make eye contact
 - D) Go tell an adult
 - E) All of the above

Answers

1. **A) True**

Healthy Kids was launched in 2005 as part of the children's health initiative. *Healthy Kids* is a low-cost program for children and is available to children who do not have private insurance through their parents or do not qualify for medical or healthy families. The program offers medical, dental and vision benefits.

2. **D) None were reported!**

3. **E) All of the above**
